## Policy for Attendance at CRC Meetings and Participation in CRC Projects

By attending CRC technical committee meetings and participating in CRC activities each attendee/recipient of CRC information agrees to the following:

1. *CRC Project Information and Data*

Attendance at CRC technical committee meetings and participation in CRC projects is by invitation only at the discretion of the meeting chairperson(s) or project leader.

It is understood that the major purpose of the work performed under the auspices of CRC is to develop information that may be made available to industry and the public through final publications only after the responsible CRC technical committee has reviewed the information and given its final approval for public release.

Meeting attendees and project participants agree that any announcement or publication of data, information, or works in progress discussed in CRC meetings shall not be disclosed to anyone other than (i) CRC personnel, (ii) CRC members, or (iii) attendees at the meeting unless and until said information is approved by CRC.

2. *Intellectual Property*

CRC meeting attendees and project participants agree that any and all intellectual property (including but not limited to patents, trade secrets, know-how, trademarks and copyrights) developed in connection with or during the course of any CRC sponsored research, as between CRC members and CRC, is the property of CRC and not the property of any CRC member or participant. CRC retains the right to place any such intellectual property in the public domain or to retain all rights thereto as described in CRC's bylaws.
